## 'BLUE EAGLE' IS TAKEN FROM SAN FRANCISCO PAPER

Convention of 1,200 Publishers to Consider Action—Sprang From Individual Complaint.

NEW YORK, Dec. 28.—An immediate convention of 1,200 newspapers at the United States to consider the National Labor Relations board action in the San Francisco Call-Bulletin case "As it affects their continuance" under the daily newspaper code was announced last night by Howard Davis, chairman of the publishers' national code committee.

Davis, who also is president of the American Newspaper Publishers' association, issued his statement after the Labor board at Washington asked the NRA compliance division to remove the Call-Bulletin's blue eagle for failing to heed the board's order for the reinstatement of Dean S. Jennings, a re-writer man.

**POWER USURPATION**  
The board's action was termed by Davis "An attempt to usurp power over the code for the daily newspaper publishing business which is specifically prohibited" by provisions giving the newspaper industrial board jurisdiction over all labor disputes.

"The issue raised by the National Labor Relations Board has precipitated the gravest problem with which the press of this country has yet been confronted," the statement added.

The statement included a letter to the NRA, outlining the publishers' viewpoint and signed by the American Newspaper Publishers' Association, New England Daily Newspaper Association, Southern Newspaper Publishers' Association, Delaware Valley Association, Inland Daily Press Association and Pacific Northwest Newspaper Association.

**GUARD 'FREE PRESS'**  
The letter reviewed the newspaper industry's long-standing policy of their code a guarantee of the constitutional right of a free press and the provision that the code could be altered only with the consent of each signing publisher.

"The precedent set by this case would, if sustained," the association wrote the NRA, "destroy at a stroke the essential safeguard of the freedom of the press contained in the newspaper code. If the newspapers submitted to it the threat for the future would be clear."

### San Francisco Paper Affected

WASHINGTON, Dec. 28.—The labor relations board yesterday asked the NRA's compliance division to remove the San Francisco Call-Bulletin's Blue Eagle for failing to reinstate Dean S. Jennings, a rewriter man.

Jennings complained to the board he had been forced to resign because of his activity with the American Newspaper Guild. The board upheld Jennings' contention, over the argument of Donald R. Richberg, director of the emergency council, that the labor board lacked jurisdiction. Richberg and Blackwell Smith, NRA general counsel, maintained with the Call-Bulletin, that the complaint should have been heard by the newspaper industrial board.

### LEGION APPEALS FOR RELIEF WORK

JASPER, Dec. 28.—At a recent meeting of the Jasper Branch of the Canadian Legion, open to all ex-service men, the problem of relief in Jasper, Park, particularly was thoroughly gone into. W. H. Dixon, president of the branch, presided. A report of the work accomplished the Dominion Commandant at Ottawa was received.

The Legion has appealed to Ottawa, as have the Chamber of Commerce and others, for money to be made available for relief work for the citizens of the town.

Mr. Dixon, as the Jasper delegate to the Dominion convention last March interviewed the minister of the interior, with A. G. G. Barry, M.P. of Edmonton, regarding the ex-service men's rights. Jasper, Park, and was assured that the principles of the Act would be lived up to. The Act provides preference for ex-servicemen in park work.

In closing the meeting Mr. Dixon stated that the Jasper Legion was making every effort to see that all citizens would be put to work and a vote of confidence was given by Mrs. Ben F. Dodge, real estate man, here Saturday, Dodge announced yesterday.

**Mrs. Spreckels Will Marry Seattle Man**  
SEATTLE, Dec. 28.—Mrs. Sybil Rene Spreckels, former wife of Adolf S. Spreckels, 2nd, of the wealth of the Spreckels family, will marry Ben F. Dodge, real estate man, here Saturday, Dodge announced yesterday.

### Japanese Firm On Naval Pact

LONDON, Dec. 28.—Naval and diplomatic circles last night seemed convinced future British-Japanese naval discussions were unlikely to produce any compromise naval plan satisfactory to the three major sea powers—the United States, Britain and Japan.

As the Japanese unofficially advised Great Britain that the Tokyo government will denounce the Washington treaty at Washington Saturday, it was revealed the original delegates had been instructed to consider various British counter proposals and put forward in an effort to find some substitute. An authoritative source, however, said the Japanese will maintain their demand for the naval equality denied in the Washington pact. Over this obstacle, tri-power naval conversations here recently broke up.

### Duncannon Plays Angel At Ottawa

OTTAWA, Dec. 28.—Lord Duncannon, elder son of the Governor-General and the Countess of Beesborough, last night played the leading role of the Archangel in James Bridle's play "Tobias and the Angel" at the Little Theatre here. The production was staged by the Ottawa Drama League under the direction of Rupert Harvey, last year's regional festival adjudicator.

### FISHERY EXPORT TAKES JUMP

OTTAWA, Dec. 28.—Canada's export trade in fisheries products in the first 11 months of 1934 was greater by 12 per cent than in the similar period of 1933. Acting Minister of Fisheries Grote Stirling announced yesterday. For the period ended November 30, the export trade was \$20,431,000 as against \$18,420,000 for the 11 months of last year.

"Such a gain is very gratifying in itself but it is perhaps even more important as another evidence of the general improvement which is taking place in economic conditions," the minister said. "It is especially noteworthy, however, that more than half of the total gain, or, in round figures, about \$12,230,000 out of \$20,430,000, was in sales to the United Kingdom."

### Masons Elect New Officers

FORT SASKATCHEW, Dec. 28.—Victoria Lodge No. 13 A.F. & A.M. Masons elected the following officers for the ensuing year: W.M. C. R. W. Mager; S.W. De R. H. Mason; J.W. Stanley Hamlin; secretary, H. N. Caradoc; treasurer, G. T. Montgomery; type, T. J. Caradoc. Installation takes place on Thursday.

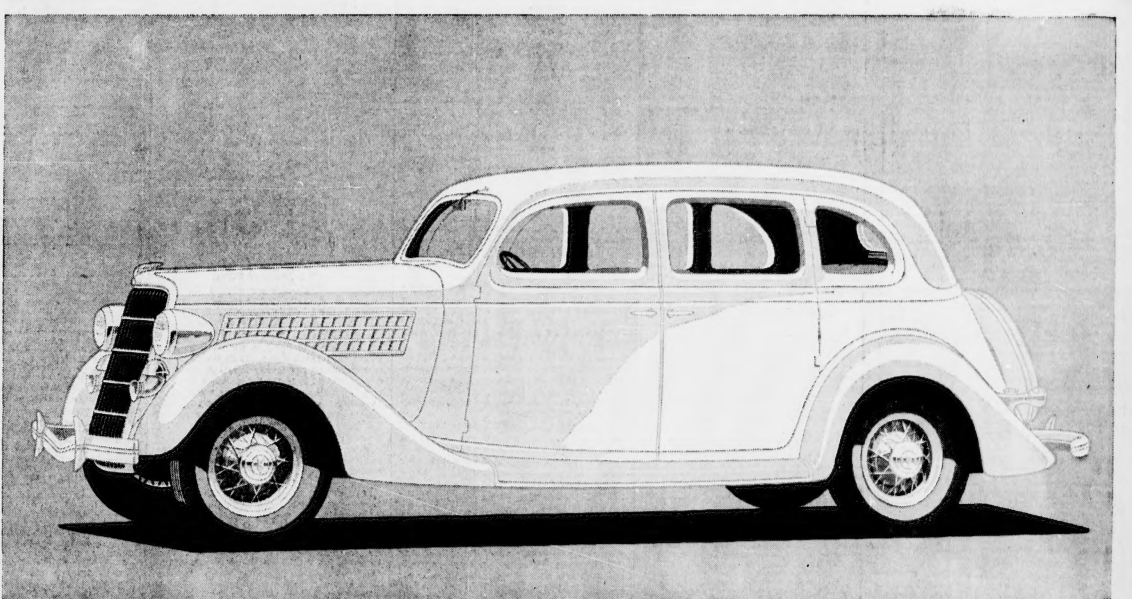

### VETERAN MAKES GOOD ON FARM

HODGSON, Man. Dec. 28.—Settling on an abandoned farm mostly of scrubby land, 14 years ago Louis Conan, a war veteran today looks over neighboring vacant farms and smiles as he nears achievement of his ambition to enter pure bred stock and grain in 1933 exhibitions.

At the age of 25, Conan, migrated to Canada from France in 1920. He acquired a 160 acre farm from the Soldier's Settlement Board, near Lake Manitoba. Then came breaking of new land, experimenting with crop rotations, hay growing and livestock production.

The last year was during 1934, "I was too busy sending cream into town to accurately keep records of returns," said Conan in a report early in the year. Later he said alfalfa seed and harvested 2,000 bushels of grain from 160 acres, besides stacking 45 tons of hay for sale.

The word "depression" has no meaning to him, as he tells on the farm, enlarged from 160 to 360 acres through his own efforts. In Mississippi 30 persons per 1000 of the population are physically disabled as a result of accident, sickness, or congenital causes.

The New Ford V-8 for 1935 is the biggest and roomiest Ford car ever built. It is a strikingly handsome car, with modern lines and new, luxurious appointments.

But most important of all it is especially designed to give you smooth, easy riding over all kinds of roads—"a front-seat ride for back-seat riders."

### COMFORT TO MATCH MODERN PERFORMANCE OF V-8 ENGINE

This ease of riding is achieved by the use of three basic principles never before combined in a low-price car.

1. Correct distribution of car weight by moving engine and body forward eight and a half inches.
2. New location of seats by which the rear seat is moved forward, toward the centre of the car away from the rear axle and away from the bumps.
3. New spring suspension, which permits the use of longer, more flexible springs and increases the springbase to 123 inches.

The result is Centre-Poise—which not only gives you a new riding comfort but adds to the stability of the car and its ease of handling. You can take curves from seven to eight miles faster with perfect safety.

### NEW BRAKES—NEW CLUTCH—EASIER STEERING

There are many new features in the Ford V-8 for 1935 which make the car sit easier to drive. New

brakes give more power for stopping quickly with far less foot pressure on the pedal. A new type of easy-pressure clutch employs centrifugal force to increase efficiency at higher speeds. New steering mechanism makes the car sit easier to handle.

### Other notable features of the New Ford V-8:

Dependable, economical Ford V-8 engine—many refinements including crankcase ventilation—cast alloy steel crankshaft—copper-lined floating connecting-rod bearings.

New welded all-steel bodies with modern lines.

New wider rear doors—front doors hinged forward.

New lower double channel X-type frame—stronger—more rigid—easier to step in and out of car.

Rich, modern body colours of striking beauty, including a gun-metal finish on De Luxe cars.

Luxurious new upholstery and interior appointments—new pillowed seats and softer seat cushions.

New instrument board of modern design with combination fuel and oil gauge and heat indicator—on De Luxe cars.

Clear-Vision Ventilation with cowl ventilator adjustable to any position and a windshield that opens.

Tapered spring leaves for quietness as well as flexibility.

Larger tires with new wider tread for safety and comfort.

Insulation of bodies for quietness and temperature.

### PROVED PERFORMANCE OF THE V-8 ENGINE

The New Ford V-8 for 1935 retains the V-8 engine which has demonstrated its dependability and economy in the service of more than a million owners. There are refinements, but no change in basic design. You buy proven performance when you buy this Ford V-8—full 90 horsepower and capable of 85 miles an hour.

We invite you to see this New Ford V-8 at the showrooms of Ford dealers. You will want to ride in it—to drive it yourself. You will find it a new experience in motoring.

## AN ECONOMY WORTH WHILE

The Commercial Bureau of Canada Inc.,  
headquarters Toronto, wants the Dominion  
Government to give the National Railways,  
throwing \$500,000,000 out of employment,  
and thus save enough money to be able to  
forgive our distressed millionaires the  
inconvenience of having to pay income taxes.

The idea lacks the sparkle of a new  
Bureau could have hit the amalgamation  
scheme up to a worse objective, but that  
does not seem probable. If there is one  
thing that must leave the taxpayers of the  
country cold, it is a proposition to excuse from  
any sort of taxation the gentlemen who have  
been figuring so conspicuously in the investigations  
of the mass buying commission.

If the Bureau is so bent on economy, why  
not make a drive for something really worth  
while, and that is, get something out of  
what calling on the Government to stop wasting  
\$140,000,000 a year paying interest to private  
parties for the privilege of carrying money which  
the Government manufactured and owns outright?

That done, the Government could keep the  
National Railways in the hands of the people,  
hand to the C.P.R. If that were needed, put  
nobody out of employment—reduce taxation  
to those who really need relief to the  
time the amount of income taxes that are  
paid by the artful dodgers who move in the  
circles of high finance.

## "SECURITY" WITH HUNGER?

The parliament of Japan has met, "to  
approve the largest defence appropriations in the  
nation's history." The Prime Minister has  
announced spending \$600,000,000 on  
defence during the coming year.

Assuming that "defence" is the right word  
here, and that it is clear enough that neither of  
these countries believes there is to be peace on  
earth or that there is good will among men.  
If something other than "defence" is the motive  
of either government, the motive is equally clear,  
and the outlook for peace and good will is less  
hopeful.

Other countries of course are increasing  
their preparations budget also, and on com-  
parable scale. If there is one proposition upon  
which the governments of great powers are  
almost unanimous, it is that they need more  
and more armaments are needed. What they cannot  
agree on is which country is to blame for it all,  
where the menace of war is really coming from,  
and the nations are settling the pace all the others  
feel bound to follow.

That can be understood. What may not be  
understood is the citizen who has to foot  
the bill is why, with millions clamoring for  
bread in every military country, the govern-  
ments cannot strike some compromise that  
could enable all to live in peace and use the  
war chests and use it to feed the hungry.

Unlimited expenditure on war preparation—  
or anything else—will "economy" forbids the  
employment of idle men at a comfortable living  
standard, is neither reasonable nor safe. A  
government which pursues that policy is liable  
to wake up some day to find the "enemy" is  
behind it, and not beyond the border.

There is no basis for patriotism like a full stomach.

## IN UNITY IS STRENGTH

The Mayors of western cities met in emergency  
conference at Vancouver last night, December  
of January. Final revision of civic budgets and  
the striking of tax rates will have to wait for  
the outcome. If the gathering is to have any  
important effect in shaping of financial policy  
and the dimensions of tax bills for the year.

Budgets cannot very well be made up until  
it is known what items are to be included and  
what omitted, and in the existing conditions  
major interest centers on the question of what  
items are to be omitted. On that highly im-  
portant point the conference should seek to  
reach a basis for agreement.

The cities are suffering from a common  
illness, and are more likely to get relief if  
they act together for an agreed purpose. They  
are all in the unhappy position that they cannot  
meet running expenses and also pay in dear  
dollars the sums they have agreed to pay as  
contribution on debt service. They are short of  
amounts with which to retire their bonds as  
these fall due.

Whether it is budgeted for or not, there will  
be a cash deficit at the end of the year in  
every city treasury. The deficit may be an  
overdraft at the bank on running account, or  
it may be a shortage in the fund payments, but  
it will be there, beyond any doubt.

City taxpayers cannot find the number of  
dollars required; that is the essence of the

matter. And neither can the cities afford to go  
on taking taxpayers' property away from them  
because the money is not forthcoming. Reduced  
taxation, therefore, is the only answer to the puzzle.

The conference will provide the city councils  
an opportunity to strike an agreement with  
each other about the lines along which they are  
to seek enactment; that is to say, what debt  
obligations they are to postpone. If the councils  
intend to attempt any united action in defence  
of their taxpayers and the solvency of the  
cities, each of them should be busy during the  
next thirty days in drafting the proposals at things  
most practicable and sufficient to the end of  
permitting a heavy cut in tax rates.

## The Passing Show

By J. S. COWPER

The Christmas festival of peace seems to  
have been marred in various parts of Canada  
by men from the calibrate rest camp demand  
which other parts of the country.

They seem to think that something is wrong  
with Canada, although the Montreal Cotton  
Mills paid its shareholders

100 per cent in 1932, 100 per cent  
in 1930 and 118 per cent in  
1929. The year 1931 was a  
depression year, when it could  
only pay its shareholders 50  
per cent.

All through the highly  
protected textile industry, as  
in the baking industry, the  
same happy state of affairs  
exists, yet these wretches in the calibrate rest  
camps are dissatisfied with their 20 cents a day  
wages. They turn blind eyes to the virtue of  
"sound money" and high protection.

Disaffection is like a disease that grows  
and spreads. In British Columbia where the  
armies of the unburied dead rebelled against  
the province, which was not a state, have been  
singing Christmas carols about  
"Peace on earth, good-will among men," the  
government itself became rebellious at having  
the western province treated as a colonial pos-  
session of eastern Canada.

# BRUINS HAD MONTREAL IN ANOTHER SETBACK

## CARL HUBBELL RANKS LEADING 1934 TWIRLER

Dizzy Dean's Earned-run Average Not as Good As Southpaw's

By HUGH S. FELLERSON  
NEW YORK, Dec. 28.—Although Dizzy Dean's feat of pitching the Cardinals into the National League pennant and the world championship almost single handed made him the baseball man of the season in 1934, Carl Owen Hubbell, the great southpaw of New York Giants, ranks as No. 1 when the Giants' official pitching records were made public Thursday.

Hubbell didn't approach Dizzy's record of 30 victories nor his total of 160 strikeouts, but the average of earned runs per nine innings was better for Carl and 2.65 for Dean, who was second. Carl took the Phil's brilliant freshman right-hander, was the only member of the first section of pitchers who allowed fewer than three earned runs per game. His average was 2.16.

### HOVEY DOCK WELL

Wally Hovey, whose comeback with the Pirates was one of the season's sensations, made a 2.95 mark but he hurried fewer than 110 complete games and wasn't classified with the main group.

The year also saw a no-hit, no-run game, the first since Hubbell's in 1924. As might be expected, it was one of the Deans, Phil who did it.

setting the Dodgers down hitless and running in Sept. 21.

Hubbell led the league in complete games with 23 to Dean's 14. He gave fewer hits, fewer runs, fewer home runs and fewer errors than any other pitcher. He also won the league in shutouts, leading shutout and strike-out marks and threw the first no-hit game in the first group of pitchers.

### OTHERS FOR DIZZY

There were plenty of laurels left for Dizzy. His 155 whiffings gave him the lead for the third consecutive year and he pitched seven shutout games. Hubbell and Paul Dean each recorded five blanking for tie for second place while Hubbell fanned 118 rivals.

## TECS BEATEN BY SYRACUSE

LONDON, Ont., Dec. 28.—Syracuse Stars soundly trounced the London Tecumsehs 5-1 in an international Hockey League game staged here last night before a crowd of 2,000 spectators. The Stars, established as early as 1901 in the opening period and had a decided advantage for the balance of the game.

Jack Marlin, right winger for the winners, scored three of the goals and paved the way for the center, Dave Downie and Earl Miller, two members of the unit forward division, accounted for the other two goals.

London's lone counter was by Edie Ouellette on an individual effort and came in the closing period.

## First-Period Goal Gives Montrealers Victory By Shutout

Penalty to Nels Stewart Paves Way For Winning Marker; Second Win Over Bruins in 3 Days for Maroons

MONTREAL, Dec. 28.—A first-period goal by Nels Stewart gave the Montreal Maroons a 1-0 shutout victory over Boston Bruins here last night. A crowd of 3,000 saw the Montrealers defeat the Bruins for the second time in three days. Montreal defeated the Bruins 5-3 in Monday's Christmas game.

Nels Stewart was sent to the penalty box near the end of the first period, for carrying a high stick and Maroons scored on his rebounded shot.

The Maroons swept up the ice following, in the wild mix-up that followed, Westworth slammed the puck at the goal from near the blue line. Jimmy Ward and Harry Northcott both got their sticks to it in the scramble that followed before Holey Smith flipped the rubber safety into the back of the net from the edge of the goal crease.

# WALL STREET STOCK MARKET PUSHES HIGHER

NEW YORK, Dec. 28.—Although not unusually active, the stock market pushed up 1 to 3 or more points today in the face of considerable call selling for income tax reasons. Indications of the advance, but with also a little more conservative attitude and a little more strength. Transfers approximated 1,200,000 shares.

Great Caesar! Come, come, memory don't fail me, at a critical time like this!—Where of I leave that bundle of Christmas cards I was sent out to mail last week? I recall going to Wagner's tobacco shop—then playing pool at the owls club—

Wife will annihilate me!

Had Jason mail them this year—'hes confused with previous years!
